

Business Valuation Experience

Shortly after joining Tucker & Meltzer LLC, Ms. Rosenberg received her Accredited in Business Valuation credential from the AICPA. Her experience and practice is centered in corporate valuations and the valuation of complex private equity investments and securities. She has spent her career analyzing companies across all industries for financial services institutions.

Professional Background

Ms. Rosenberg began working in risk management for financial institutions in 1998, most recently as a Risk Manager at General Electric Capital Corporation (“GECC”). At GECC, Ms. Rosenberg was responsible for underwriting large equipment finance transactions across a broad range of industries, as well as portfolio acquisitions. She performed similar functions at LaSalle National Leasing. Ms. Rosenberg underwrote small to mid-sized asset based loans while at Reservoir Capital Corporation.

Ms. Rosenberg began her career at Ernst & Young LLP as an auditor where she concentrated in retail, information technology and insurance companies. At Morgan Stanley, Ms. Rosenberg was a manager in the private equity group, where she was responsible for the corporate, regulatory and tax reporting for a \$875 million private equity fund. Ms. Rosenberg also was responsible for monitoring the existing portfolio investments and executing exit strategies.
